To Whom It May Concern:

It is without hesitation that I write this letter of recommendation for the competent manner in which Valerie Paul completed the Master Trainer course for Professional Obedience Training and Behavior Modifications at Tarheel Canine Inc. Throughout the program, I was continually impressed with her eagerness to learn and participate in all aspects of related course assignments.

I have worked as the Head Trainer at Tarheel Canine for the past four years. I instruct numerous students, law enforcement officers and trainers on a daily basis in all areas of canine obedience, detection, search and rescue and protection. It is students like Valerie that I look forward to instructing, who's willingness to learn, becomes contagious throughout the classroom.

While attending these courses at Tarheel Canine, Valerie quickly became competent in recognizing training needs for individual dogs. She possessed the analytical ability to understand behavioral and physiological barriers and implement specific training techniques to resolve them. She was very organized during daily training routines and exhibited this many times throughout the course. She is self motivated and her work ethic is unparalleled when it comes to meeting specific tasks that are set before her. Valerie interacted well with clients and conducted herself as a professional.

It is my opinion that Valerie will manage a very successful business based on her knowledge of canine behavior, training techniques, people skills and work ethic. She clearly stands out among past students I have instructed during my tenure at Tarheel Canine. She spent her time in and out of the classroom taking advantage of every training opportunity, going above and beyond what is required as a student.

I confidently recommend Valerie and Impawsible Pups to anyone looking to build a better relationship with their dog and a new relationship with a professional trainer.

Respectfully,

Janet Dooley
